

Florida Company Launches Commercial Fencing Services

September 15, 2015

September 15, 2015 -
Seacoast Fence and Home of St. Augustine, Florida, has announced that they are expanding their fencing services to begin offering commercial customers assistance. The fence company Jacksonville FL residents can go to now provides a host of fencing services for business and home owners.

Keith Vincent, owner and CEO of Seacoast Fence and Home, has released a statement about the new service launch, calling it "the best decision the company has ever made." Vincent adds, "While we have been providing residential fencing for quite some time, we have never really branched out into commercial services as much as we have on residential fences."

Keith Vincent adds, "As a qualified and experienced fence contractor, it just makes sense that we would begin offering more services for commerical fencing in Jacksonville FL. We've been providing commercial services, but have seriously expanded our offering to include a number of new services for our business customers."

Locally owned and operated, the company has been providing fencing in the area for more than 30 years.

They offer installation of wood, vinyl, steel, chain link, and ornamental aluminum fencing, now for their residential and commercial customers. They also work with contractors and landscaping architects to provide customers with unique and customized fencing solutions.

In addition to fencing, the company provides decks, arbors, pavers, pergolas, and columns. "We can do just about anything you would need done," explains Keith Vincent. The company proudly supports their staff, stating that they utilize their years of experience, and their natural eye for design to create the ideal fence for any situation. Consultants are on hand to help customers determine the right material and style that will best complement their current landscaping, and they offer a number of budget friendly choices for commercial applications.

Commercial offerings include security gates with automatic openers, fences for sports, ball fields, and recreational facilities, and chain link fences for a number of business needs. The company is willing consult with any business regarding their fencing or other landscaping design needs.

More about Seacoast Fence and Home can be seen on the company's official website, which includes a complete list of the residential and commercial services offered.
