*October 18, 2016*

October 18, 2016 - PRESSADVANTAGE -

Every geographical area in the country has its very own pests and bugs. It is very important, therefore, that people who are affected by these pests find a solution that targets the very issue that they have, rather than using a generic solution. Bugs Or Us, a company in Houston, TX is the go to source for all pest control Houston TX needs, having systems in place to address all of the area's most common pests.

Bugs Or Us is a family owned company that has been in operation since 2001. Since that time, they have helped hundreds of families and businesses with their pest issues. They are committed to always remaining up to date with developments in the world of bugs, mosquitos and pests, such as new resistance to common pest control products. They also aim to be as green as possible. These are just a few of the reasons why the company is known as the go to company for all pest problems.

There are 13 bugs and pests that are particularly common in the Houston area. These are cockroaches, mosquitos fleas, ticks, flies, ants, mice, rats, stinging insects, termites, bed bugs, scorpions, and spiders. Some of these pests are just an inconvenience, but some, such as spiders, scorpions, and other stinging insects, have the potential to cause health problems for people, particularly if they are young or old, or have problems with their immune systems. Furthermore, some of the bugs, such as termites, have the potential to cause tremendous damage to property, which is in itself also a risk to the health and well being of Houston residents. Having high quality pest control companies to resolve these issues is therefore vital.

For Texas Bugs Or Us has also released a wealth of information to help people prevent pests from happening in the same place. While the company is there to assist people once they have an infestation, their ultimate goal is to rid the area of pests altogether, which is a whole community effort.

The company has indicated the following information:

Residential - \$69.95

Commercial - Based on Square footage, ie (2000 sq \$89.95).
