

Bugs Or Us Voted Best Pest Control Company In Houston

November 22, 2016

November 22, 2016 - PRESSADVANTAGE -

Bugs Or Us, a pest control company in Houston, TX, is proud to announce that they have been named the premier authority for pest control in a recent community survey. The survey looked at a range of different issues that people search for in pest control services, and Bugs Or Us came out on top in all of those areas. Now officially the best pest control Houston has to offer, the company has already seen a significant increase in new customers.

One of the things those surveyed were particularly impressed with was the fact that the company uses the most up to date, cutting edge technology in order to remove bed bugs, rodents, mosquitoes, and all other pests. Additionally, people cited the professionalism of the staff, who go above and beyond with guaranteed removal of all pesky critters. Lastly, their pricing has been found to be highly competitive.

The company has indicated the following information:

Residential - \$69.95

Commercial - Based on square footage, ie (2000 sq \$89.95).

Those searching for the best exterminator Houston has to offer now know that they can go to Bugs Or Us. Their service is considered to be top of the range, and the company is committed to remaining up to date with latest pest outbreaks, and how these can best be combated. The company is also Green Pro Certified Eco-Effective, Quality Pro Food Safety and Quality Pro Schools certified, and registered with the National Pest Management Association. These are impressive credentials that go a long way towards explaining why this company is so popular.

Another thing that many people have mentioned, including in the company's various Facebook reviews, is that they appreciate the personalized, yet highly professional service that is offered. When people have bed bugs, they know that they can count on Bugs Or Us to come out and exterminate them. The company's motto, "Saving the world one bug at a time", never rings more true than when they actually are at work. Thorough and with real attention to detail, they have been able to resolve complex and potentially dangerous

situations for hundreds of people in the area.
