

# Coachville Responds to the U.S. Presidential Election with Human Greatness Special

November 18, 2016

As the events unfolded post-election the team at CoachVille knew it was important to respond to the growing unrest. The team at CoachVille released this statement:

"We are messengers of the spirit of play. We move towards what we desire rather than away from what no longer serves us. Deeply connected to our purpose, we are beacons of light in challenging times. We are Professional Coaches, and we are here to change the world one person at a time. Join us."

CoachVille is offering a significant tuition reduction on both Certification Programs to contribute positivity to the world.

CoachVille's acclaimed Center For Coaching Mastery Complete Program is reduced by up to \$2000, and the Starter Program, a subset of the Complete Program is reduced by up to \$1000. The Pursuit of Human Greatness tuition special is available until December 10th, for more information, to observe a class or to schedule an admissions interview, please call 866-548-6516.

When asked why CoachVille choose to respond with a significant tuition reduction, "Coach Approach leadership is the craft of bringing out the best in people while our current political leadership seems to be bringing out the worst in people. We feel that leaders at all levels in all walks of life genuinely want to focus on greatness, but they just don't know how. The truth is it requires some specific skills and a lot of practice. When you study coaching with us, you will become a champion of human greatness. The world really needs people who are willing to step up and learn how to Coach!" says CEO, Coach Dave Buck.
