

Landrum Announces Upcoming Employee Staffing Event at Pensacola Location

December 07, 2016

December 07, 2016 -

Landrum HR is a staffing and PEO company that provides hiring and staffing solutions as well as human resources outsourcing, training and consulting. Landrum's staffing division currently provides temporary, temp-to-hire and direct placement jobs to job seekers in Escambia, Santa Rosa, Okaloosa and Walton counties in Florida. The company has recently announced an upcoming Jupiter Group Job Fair to be held on December 12, 2016.

The job fair will provide staffing assistance for Jupiter Group, a company that specializes in developing and supplying high-quality composite Nacelle and Spinner Covers for the wind turbine industry. Jupiter is hiring for first, second, and third shift positions. Positions include production and manufacturing associates.

Jamie Constantakos, Onsite HR Manager for Landrum says, "The job fair will be taking place from 5:00 p.m. until 7:00 p.m. at our office located at 6723 Plantation Rd. Pensacola, FL. Jupiter Group has a number of positions to fill and this is a great opportunity for those who are looking for manufacturing positions."

Constantakos says that those interested in other job opportunities should contact the office as they have

additional positions to fill with other companies. Constantakos also states that they always have positions to fill, and are typically always accepting applications for one industry or another.

"We make it easier for people to find jobs and for companies to fill their positions; that's what we're here for," the HR manager states.

The company also says that those interested can find more information on their Facebook page, which includes other upcoming job fairs as they are announced as well as listings of current positions that are open. They urge those in the area who are looking for any type of work, full time, part time, or temporary, to visit their Facebook page or contact them via their official website where listings of openings can also be found.

Constantakos states that the job fair in December is specifically for Jupiter Group positions, but that they accept applications for other industries and companies as well. Those interested in the upcoming job fair can connect with the company either online or visit their office on December 12th to apply for one of the many positions that Jupiter Group currently has available.
