Villa Sanyanga, a luxury retreat in Phuket, Thailand, is a beautiful, award-winning, seven bedroom villa above Surin beach, is now open for vacationers and others. For convenience, there is a free 15 seat mini-bus with a driver, private chef, and three maids. The villa is spacious and can sleep up to 18 or more, with plenty of space and privacy for everyone. The owners of the property are proud to announce that the villa is now available for tourists and others who would like to enjoy Phuket and its surroundings. Bookings can be taken on the villa's website at <https://www.villasanyanga.com/>.

A representative of Villa Sanyanga says: "We are now taking bookings for 2017. Our luxury villa is incredibly popular, and places sell out very rapidly. Hence, we encourage people to book their trip as soon as possible so as not to be disappointed."

Besides being available for hire as a vacation property, the villa is also commonly used for special affairs. These include weddings and subsequent honeymoons. People are encouraged to sign up to the villa's feed on <https://www.villasanyanga.com/feed/>, so that they are always up to date of any special events occurring in the villa. For many, this has served as an inspiration to book their own events. It is also for this reason that the villa has won the "Top Vacation Rental" award for three years running, for Phuket villa rental. This was awarded by FlipKey, which is the vacation rental branch of TripAdvisor.

"Located in a private and exclusive residential development high in the hills above Surin Beach on the West coast, this stunning villa has spectacular ocean views over the Andaman sea, and is surrounded by coconut palms," adds the representative. "Being so spacious, this is perfect for family reunions or large groups of friends, as there are many separate private areas. The Villa Sanyanga is the perfect place to celebrate a birthday or anniversary. If children are included, the villa can sleep up to 20 guests in the seven bedrooms."

People are encouraged to visit the villa's website for further information. Here, they can also find photographs of the property, as well as further details about the extensive amenities on offer for those who rent the property.
