

## **Prodeco Tech E Bikes Now Available At Broward Motorsports**

*March 27, 2017*

March 27, 2017 - PRESSADVANTAGE -

ProdecoTech, the nation's largest e-bike manufacturer and distributor in Oakland Park, FL, has announced that their local, USA-built ProdecoTech Electric Bikes are now available at one of South Florida's premier motor sports outlets, Broward Motorsports. The latter is committed to excellence and as such, they are always looking for new, eco-friendly EV technology. Both companies believe that their partnership is a very suitable match.

Broward Motorsports is conveniently located near the ProdecoTech manufacturing facility. As a result of this, they always have sufficient stock of the latest and most innovative electric bikes. The eBikes produced by ProdecoTech can also be serviced at Broward Motorsports, and in this regard, ProdecoTech is working with the team at Broward Motorsports to make sure they are able to provide first class ebike service and repair.

ProdecoTech is particularly excited about the fact that Broward Motorsports will feature the full selection of the ProdecoTech e-bikes. Additionally, they have welcomed people to do a test ride on the bikes. According to the company, ProdecoTech's mission is to develop, market, and manufacture the 'best value for highest quality' electric bikes across the world. Through these test rides, people can experience first hand just what

makes their products so much better than the rest.

From their state of the art, 60,000 square foot facility, the company has quickly grown into an important and one of the largest electric bike manufacturers in the country. They have also been designated by U.S. Customs and Border Protection as a Foreign Trade Zone. As a result, they are able to benefit from their direct relationships with over 30 of the industry's significant component suppliers. Meanwhile, at all times, they use an American workforce to symbolize patriotism and to guarantee quality.

Broward Motorsports, meanwhile, is one of the largest dealerships of its kind in Florida. They offer both new and pre-owned bikes and vehicles, and always guarantee the best price. Their motto is 'You Gotta Ride', and that is something they live by.

Adam Matricardi from ProdecoTech says: "See our electric bikes in action on YouTube to find out what the buzz is all about. And make sure you call in Broward's when you can go for a test ride."
