In the video review, the client discusses everything that the company stands for, which include their professionalism, and thoughtful and caring attitude. Furthermore, the review discusses the excellent communication and high quality work, as well as the fact that the job was completed on time and in budget.

The said review is just one of the many positive reviews they have received. In fact, as shown on Roof.net's

Ingrid K., for example, says: "I received a total of 4 bids for roofing. By far, Ken and his son were the most professional and very reasonably priced. They arrived on time and sat down to discuss the scope of work. Within 30 minutes he provided me with an estimate. He was able to squeeze me in just before I left [for] vacation, which was wonderful to be at ease before I leave town. His crew arrived on time to replace my roof. They finished in a day and cleaned up very well. My husband thinks our front yard looked better after they left. I highly recommend Ken and his crew for any roof replacement or repair needs."

To add to this long list of achievements, the roof repair company has been rated Best of the Best in 2016 & 2017. Having received official recognition of their quality service, the company is being driven to improve their services even further.
