

# Mechanicsville VA Septic Tank Cleaning Service Receives Rave Review

September 19, 2017

Commonwealth Waste Solutions Mechanicsville, based in Mechanicsville, VA, are proud to announce that they have received a five star review from a happy customer. The company has turned the review into a video to showcase it, which was published on September 12, 2017. The review is in relation to the septic service that the company offers and the video can be accessed at <https://www.youtube.com/watch?v=n39TTcGVTZ0>, where it has already received numerous views.

Robert Fisher, the septic tank cleaning customer in Mechanicsville, says in his review: "He spent a good amount of time with me on the phone educating me on septic systems. When he came out he was honest and told me that it would be a waste of money to pump my system. I was ready to pump it."

The customer is from Hanover County, VA, which is covered by the Mechanicsville location, as shown on the Google Maps page at <https://goo.gl/maps/pwFAZHA9FzR2>. The original review was left on Facebook and the company's digital marketing team used it to create a review commercial. This was an opportunity for them to thank their customer for their kind words.

Jason Muzzy, owner of Commonwealth Waste Solutions Mechanicsville, says: "We're more than happy to educate homeowners with simple everyday things they can do to prolong the life of their septic system."

Hanover County is a densely populated area. Much of it is served by the county sewer system. However, throughout the county, a lot of properties continue to have septic systems. Hence, there continues to be a significant need for companies like Commonwealth Waste Solutions Mechanicsville. Not just that, but they also provide advice and guidance for those who want to switch from septic systems to the county sewer lines.

The company is also known for its grease tramp pumping and cleaning service. This is vital for establishments such as schools, convenience stores, and restaurants, where a lot of food grease enters the sewer system. Commonwealth Waste Solutions both installs and cleans these systems, thereby increasing the lifespan of the grease traps and septic systems as well. Details about the company's services in Mechanicsville and Hanover County, Virginia can be seen at <http://cwsseptic.com/hanover-county>.
