Jessica S., the Bristow homeowner who posted the review, says: "I had a great experience with Roof.net from start to finish. Ken was very honest and thoroughly explained everything in fine detail. I'm an out-of-state homeowner and dealing with contractors from afar is very nerve-racking. He made it very stress free. I appreciated all the before and after photos he provided and more than thorough explanation on exactly what was done. We had a roof leak in 3 places he was able to diagnose them and came out the very next day to complete the repair."
