

# Roofing Repairs In Woodbridge VA Receive Five Star Review

April 18, 2018

McLean, VA roofing repair company Roofer 911 is proud to announce that they have received a new glowing testimonial from a happy customer in Woodbridge, VA. As a way to show their appreciation, they have converted the testimonial into a showcase video. The video, which was posted on April 6, 2018, can be viewed at <https://www.youtube.com/watch?v=etW1lknDZM0>.

In the review, the homeowner expresses how extremely happy he and his family were with the roofing repair service provided for their home in Woodbridge, VA. The customer, Jeff Ghannam, wanted to share his wonderful experience with others. Jeff Ghannam says: "This is the third time I've used Roofer 911. I have a 20-year old roof and I'm trying to extend its life. I've had leaks around my chimney flashing. Steve the owner came out and did an infrared inspection, diagnosed the problem, gave me a written electronic estimate and the work was done the next day. Highly recommended."

As shown on the company's Google post <https://goo.gl/J43dMd>, they offer guaranteed workmanship and satisfaction. Furthermore, the company is particularly knowledgeable about the impact of Mother Nature's relentless attacks on the area. While Woodbridge is generally has mild, stable weather conditions, freak storms often occur and have a significant impact on homes and roofs.

Unfortunately, Virginia's location means that it is subjected to both hurricanes and summer storms. Sometimes, superstorms such as Hurricane Sandy make landfall, causing untold destruction. Even during those years where there were no serious storms, the moisture and temperature fluctuations

can cause damage to roofing structures, all of which need to be addressed sooner rather than later.

Rofer 911 feels part of the overall Virginia community. This is also evident from their Facebook page at <https://www.facebook.com/Rofer911.roofrepair>, where they regularly share important news on storms and other weather fluctuations and directly engage in conversations with members of the community who have questions about roofing and roofing repairs. The Facebook page has also been used frequently by people to indicate their experiences with the company. People are encouraged to like the Facebook page should they require any further information on the work the company does or to contact them directly through their website.
