

The Mane Center Celebrates 33 Years of Chiropractic Service

June 11, 2018

Tampa's leading chiropractic service, The Mañé Center, celebrates its 33rd anniversary of providing effective healthcare services. The provider of chiropractic services, based in Florida, is set to mark the occasion in grand style. The Mañé Center has been helping patients who require quality healthcare and chiropractic services for over 33 years. The healthcare center also helps patients in making educated decisions about health-related situations. The [north Tampa chiropractor](#) has been a well known fixture in Tampa, Florida and is well known as a quality healthcare provider.

The center is known to offer a number of non-surgical services, which include; chiropractic treatments for auto-accidents, neck and back pain, and herniated discs; spinal decompression for sciatica, lower back pain, and herniated discs; oriental medicine consisting of acupuncture, cupping, and Chinese herbs; high power laser therapy consisting of neuropathy treatment, carpal tunnel treatment, and joint pain treatment; and functional medicine for carpal tunnel syndrome, diabetes and weight loss.

Erica. S, a patient being treated by the Mane Center says she was "very pleased with the results. I was so tired of the back pain and didn't want to resort to medication to deal with it. I have to say that I'm very pleased with the results ever since I came to the Mañé Center. Great staff and I would recommend them."

About the Mañé Center

Dr. Nelson Mañé, the founder and director of the Mañé Center is board certified in chiropractic orthopedics. He attended chiropractic school in St. Louis, Missouri. He has been in practice as a chiropractic physician in Florida since 1985. Dr. Mañé was one of eleven chiropractors chosen by the American Chiropractic Association out of 60,000 to start the first chiropractic neurology specialty board. His training is in childhood neurobehavioral disorders, electro diagnostics, vestibular disorders (balance problems) as well as in functional medicine. Dr. Mañé recently received his medical doctor degree and is pursuing his medical license in the State of Florida with a specialty in internal medicine.

Dr. Mañé was born and raised in the state of New York. His parents are Cuban and Puerto Rican. He is married and has two children. He speaks both English and Spanish fluently.
