

Villa Montessori Preschool Leesburg Offers Open House And Experience Days For Parents

February 08, 2019

Leesburg, Virginia based Villa Montessori Preschool Leesburg is pleased to announce that parents considering a Montessori education for their children can take part in the Open House and Experience Days offered by the preschool. They serve as a daycare provider and follow a daily schedule that includes an integrated Montessori and Reggio curriculum guided by each child's interest.

"Children are exposed to music, gardening, animals, art, outdoor play, and more on a daily basis. Our teachers observe and get to know each child. They identify the topics he or she is most interested in and present new learning opportunities accordingly. Montessori Preschool Art Project Interpretation of Van Gogh's Sunflowers by 3-5 year olds! We partner with you—not just as a childcare center, but also as an extension of your family. Providing the highest level of care and an education tailored to your unique child is the idea behind everything we do. So relax, and embrace the journey of parenthood," states the company on their website, at <https://leesburg.villamontessoripreschool.com/>.

Villa Montessori Preschool provides daycare and preschool education for children. They have various programs, including Montessori, full-day Kindergarten, Reggio, and Connect. While Montessori and Reggio are fairly well known educational philosophies around the world, Connect is a new concept that is a blend of these two philosophies, meant to better connect a child to their peers, parents, family, and surroundings. Together, Montessori and Reggio create S.T.E.A.M, which stands for Science, Technology, Engineering, Arts, and Math.

"Given the freedom and support to question, to explore deeply, and to make connections, Montessori/Reggio students become more confident, eager, and self-directed learners. The Villa Montessori approach prepares students to become critical thinkers who can work collaboratively with teachers, students, and their environment—an essential skill set for the 21st century," said Ms. Kimberly, Director at Villa Montessori Preschool.

Villa Montessori offers Open house and Experience Days to parents who are considering Montessori education for their children. Their Open House dates are scheduled throughout the year, and all events are announced through their Facebook page.

“We encourage you to learn more about our exceptional early childhood programs by attending an Open House, planning an Experience Day for your child, or scheduling a Private Tour. Each is a wonderful opportunity to see our community in action, ask questions, and better understand what a Montessori education can offer your child.”

Private Tours can be arranged for parents who miss out on an Open House, and can be scheduled with a simple call. Once a parent has attended an Open House or completed a Private Tour, the preschool offers a free Experience Day for their children to spend time learning with them and experience the Montessori difference. Further details regarding Open House and Experience Days can be found at this link: <https://leesburg.villamontessoripreschool.com/open-houses-experience-days/>

Parents who send their children to Villa Montessori Preschool Leesburg have been greatly satisfied with the results. Melissa P. wrote in a testimonial, “My 2.5-year old twin boys joined Villa Montessori’s pre-primary program in October, and they have progressed so much in such a short time period. They are forming sentences, starting to say their ABCs and 123s, and interacting more with other children. I was nervous about putting them in a program since they were at home for the first 2.5 years, but the Director, Miss Kimberly, put me at ease upon meeting her and touring the facility. The teachers, Miss Erin and Miss Danielle, are also wonderful. My boys adore them and love all the activities. They are so excited for school every morning. Villa Montessori is a blessing to our family.”

Parents interested in availing a high quality daycare and preschool education for their children may contact Ms. Kimberly, Director of Villa Montessori Preschool Leesburg. They may also visit the website for more details, or otherwise reach the educational center via the contact details provided on their Facebook page, at <https://www.facebook.com/villamontessorileesburg/>. Their social media accounts can be followed to keep up to date with the companies most recent news.
