

ManageByStats Launches New Videos For The Prosper Show

February 08, 2019

Today ManageByStats announced new videos have been released for the upcoming Prosper Show. ManageByStats will be an exhibitor at the Prosper Show this March, the 17th thru the 19th, at Booth 145. MBS is a Gold sponsor, and has released two new videos for the event. Prosper is an annual conference for Amazon Sellers that focuses on sharing best-practice education and creating networking opportunities for people who sell on Amazon. The show will be held in Las Vegas at the Westgate Hotel.

“We produced two great new videos for this,” says ManageByStats CEO, Philip Jepsen. “One general video covering all of MBS, and another covering our advertising manager.”

As a Gold sponsor [MBS](#) is able to provide additional multimedia to the show’s site in order to showcase their products. ManageByStats is a suite of software tools for Amazon sellers, which means attendees at the Prosper Show will be their intended audience. The videos are each a minute long and are meant to quickly cover key features that are of interest to these prospective users.

“Prosper is laser-focused on our core demographic,” says Mister Jepsen. “These videos are aimed squarely at entrepreneurs who sell on Amazon, and who are looking for solutions to make that easier. We invite everyone to have a look at our [Prosper listing](#) to see more.”

MBS also has a discount code for the event. The code is EXIV838375. Potential attendees can use that code at the Prosper [Registration site](#). For more info, please visit the company’s website or contact the company directly. If interested parties have further questions, ManageByStats may be contacted directly by email.
