

# Dallas Flooring Warehouse Offers Carpet And Wood Look Tile Installation

July 15, 2019

Texas based Dallas Flooring Warehouse is pleased to announce the availability of their carpet and wood look tile installation services. The company considers themselves the premier carpeting and flooring installation service in Dallas. As they state on their website, "Dallas Flooring Warehouse in The Colony is your "flooring store near me" and nearby carpet outlet for big savings on first quality floors and fast professional installation." Dallas Flooring Warehouse strives to ensure that their prices beat those of big-box stores for both carpet and flooring purchases on their own, as well as [carpet installation](#).

Customers who work with Dallas Flooring Warehouse are guaranteed fast and professional carpet and flooring installation. The company's recent merger with SH Flooring allows them to give customers even greater buying power along with big discounts on new solid wood and engineered hardwood flooring, carpet, laminate, tile floors, wood-look tile, and luxury vinyl plank floors from top brands like Shaw, Mohawk, Abbey, Stainmaster, Interceramic, and other top partners. They also provide full service floor installation, carried out by a team of professional installers.

"Our specials are epic and our service is unmatched," asserts the company. "We have a massive combined warehouse/showroom that you can actually visit and pick up your material. Come and see our multimillion-dollar onsite inventory ready for immediate delivery and next day installation in person. We have been in business for over a quarter century and we know what it takes to make a customer happy. We are a true distributor that sells wholesale direct to the public with an A+ rating from the BBB. We have been in business for over 30 years and we're still going strong." Find out more about the company's [carpet installers](#) online.

The company caters to a variety of different needs and tastes, offering hand scraped wood laminate, solid hardwood flooring, frieze carpeting, plush carpet, ceramic tile, and vinyl plank surfaces. With their multi-million dollar onsite inventory, the company's service is unmatched by any other in the Dallas Fort Worth Metroplex. With their massive buying power and wholesale direct to the public pricing policy, Dallas Flooring Warehouse provides much lower prices than any of their competition. Clients can walk in and purchase the flooring they desire and have it installed within a day at very low cost.

While other stores will simply supply the products, often at a higher price, and then provide a list of installers. Dallas Flooring Warehouse not only offers much lower prices, they also provide professional installation teams to install their flooring. "Come to our warehouse and actually see the truth," the company urges its customers. "We are the only ones that have mountains of carpets and truckloads of hardwoods, laminates, vinyl plank, and more in stock—and all 1st Quality."

Dallas Flooring Warehouse's commitment to high quality service has led to a number of satisfied clients leaving five star reviews praising the company. "I am a senior citizen who could not travel to

the store alone during the week but really needed to get the carpet changed out,” says Robyn. “Ray was so sweet and brought a great selection over to me. I was able to choose everything from the comfort of my own home.”

Another client, Bryant Stoker, says, “Had some wood flooring for a customer that needed to be refinished (I’m a GC) so I called Jonathan and he came out to look and bid the floor—and within a day, I had the quote and we got it on the schedule. I will now be doing all my flooring work with S&H because of the customer service and quality products that Jonathan provided.”

For high quality products at low prices, great deals, and professional installation services carried out in a timely manner, contact Dallas Flooring Warehouse.
