Fernando Gonzalez, from Big B Crane LLC, based in Burleson, TX, said, “Throughout the years, Crane Network LLC has been our 'go-to' online marketplace for advertising our used cranes as well as sourcing/purchasing cranes to add to our rapidly expanding crane rental fleet. With the fast-changing crane market, Kristina Petrocelli from Crane Network has always been there, providing top notch customer service and invaluable ideas. She has been listing our cranes in the most

professional and prompt manner that helped us maximize our marketing dollars. Kristina is the kind of employee that sets Crane Network apart from other online marketplaces.”

Similarly, a company representative from Big D Heavy Equipment said, “Crane Network has been crucial with our company's sales of cranes and heavy equipment. As a used heavy equipment dealer, Crane Network has increased our exposure to clients not only in the US, but also worldwide. Their website is easy to use, and their friendly and knowledgeable support staff are available almost immediately to assist with any questions or help that you need. As for the sales of the equipment, I believe that if our company had not started listing equipment for sale on the Crane Network website, we would not be where we are today.
