

We Buy Houses Company Dependable Homebuyers gets Featured on Investor Carrot

August 23, 2019

Innovative [We Buy Houses company Dependable Homebuyers](#) based in Baltimore, Maryland, has recently been featured on the Investor Carrot website. Investor Carrot is one of the most followed and respective websites for real estate investors. The website caters to professional and amateur investors dealing in all types of real estate. The platform features advices from experts, stories and tips about real estate as well as strategies that can help investors make the most out of every investment. The website features an expert in the real estate industry from time to time who shares their individual experience. Evan Roberts, the founder and owner of Dependable Homebuyers, and his real estate investment firm was recently featured in an article on Investor Carrot.

Dependable Homebuyers are experts in residential real estate. The company has been buying houses for almost a decade. It deals directly with homeowners and buys their properties outright for top dollar. Evan Roberts is a respected authority in the real estate industry in Baltimore. He and his team have assisted innumerable homeowners to sell their houses quickly without any repair and renovation or even staging. Investor Carrot featuring an article about the company is an endorsement of the spectacular achievements of Dependable Homebuyers over the years. The company has not only helped homeowners who struggled to sell their properties but also boosted the housing market by ensuring there is no shortage in the inventory of houses for sale for buyers.

Speaking about getting featured on Investor Carrot, Evan Roberts said that buying and selling properties as well as flipping houses is profitable but there are risks and only those with adequate expertise and resources can continue to rake in profits. His team has developed unmatched expertise in selling, buying and flipping houses. The firm has the resources and the financial capacity to venture into such deals while mitigating risk and maximizing profits. At the core of the founding principles of the company lies a mission to assist homeowners, sellers and buyers. The real estate industry in Baltimore took a long road to recovery and companies like Dependable Homebuyers have played a crucial role over the last decade. For more details, [contact](#) Dependable Homebuyers directly.

Dependable Homebuyers is a local firm but it has now expanded nationwide. It is also buying land in addition to all types of houses. The company also buys rental properties, apartment buildings and hoarder houses. Evan Roberts, his partners and the entire team at the We Buy Houses company ushered in an alternative at a time when both selling and buying homes had become a monumental challenge. Roberts says that the simple solution of getting a cash offer after just one viewing and inspection is a major breakthrough in the housing sector, especially for owners who wait for months to sell their homes. The company does not rely on realtors or multiple listing services to facilitate deals. They deal directly with owners, present a nonobligatory cash offer, charge no commission and also pay for the closing cost, thus ensuring maximum return for the sellers.
