November 04, 2019

Staten Island, New York based US Coachways, the leading provider of chartered bus services in the US, is pleased to shed more light on the benefits of hiring a bus when traveling to Boston. They assert that it is one of the most comfortable and cost-efficient ways of travelling by group this winter season.

US Coachways has a vast network of [Boston Bus Rental](#) service providers who can help people conveniently move around the area. Founded nearly 400 years ago, Boston is one of the oldest cities in the US, and is home to several historical monuments and landmarks that commemorate the country's battle for independence from the UK. One of Boston's notable places of interest include The Boston Tea Party Ships and Museum, where visitors can board one of the two ships that dumped an entire shipment of tea into the Boston harbor. People can also watch a 3D reenactment of the historic event in the museum. Visitors can also walk into the Freedom Trail, where museums, burial grounds, historic meeting places, churches, and even a ship can be found. The Paul Revere House, home of the famous American silversmith and patriot, may be visited as well. His famed "midnight ride" warned colonists that the British were headed for Lexington and Concord.

Ed Telmany from US Coachways, said, "A bus rental is an ideal way to travel to Boston. The comfort, convenience, and elegance of a charter bus makes it the perfect choice for any type of outing." In addition, he explains that a charter bus rental is an optimal choice for a group trip to Boston due to several reasons. Groups have the flexibility to create a special and "one of a kind" trip. Unlike pre-packaged trips, they will be able to create a customized itinerary and see them all. Secondly, charter buses continue to be one of the safest ways to travel with a group. An experienced and professional driver will be in charge behind the wheel to ensure that everyone will reach each destination safely and timely.

Passengers also have plenty of room to move since charter buses have wide seats, comfortable leg room, and spacious aisles. "Besides, it is cheaper to hire a bus, especially if you are traveling with a group. With a charter bus, many of the costs of travel are shared with other passengers, so you'll be able to spend more on having a good time when you reach each destination," says Telmany. Furthermore, he asserts that charter buses are environmentally friendly when compared to the use of multiple private vehicles. "When you put 57 people in one of our buses, that's more than 20 private vehicles that aren't on the road. That's how you create a positive impact on the environment," he says.

For more than 30 years, US Coachways has been a leader in the charter bus rental business, booking more than 20,000 trips every year. They have built an extensive network of vendors nationwide, providing their clients with access to a wide range of charter bus rental options. They provide shuttle services for all types of events, including business conferences, weddings, birthday parties, graduations or other special family events. unparalleled service. In fact, they have an excellent rating from more than 1700 client reviews at Trustpilot.

The bus ride was very smooth and the bus, including the restroom, was very clean. The bus arrived on time to pick us up. We left on time and arrived at our destination in plenty of time for the wedding. The same occurred for the ride home. I highly recommend US Coachways."

Meanwhile, Julia Rae DeNamur, in a glowing Google review, says, "I was very happy with our experience when using the company to shuttle our event guests to the reception. The process to get a quote online was easy and a service representative emailed us quickly. They were highly responsive to our questions and reservation changes. They assisted us in contacting the driver a few hours before our pick up time when we had some last-minute changes. Everything was clean and our driver was very friendly."
