

# Dentist Offers Affordable Braces In Mira Mesa, San Diego

January 13, 2020

San Diego, CA based residents in search of affordable braces need not look any further than [San Diego Smile Center](#). Run by Dr. Paulo Cortes, San Diego Smile Center is quite pleased to be able to offer this new service to the people of San Diego at an affordable price. The dental office prides themselves on performing some of the best dental work in the area at a much lower rate that allows more of San Diego's residents to get quality dental care.

Paulo Cortes, the dentist who runs San Diego Smile Center, is a board-certified dentist who serves the greater San Diego, California community. He, along with his team, provides a number of services associated with general and cosmetic dentistry, along with orthodontics. He graduated from Castle Park High before joining the United States Air Force, and later went to work for large telecommunication companies before deciding to return to school and study Biology at the University of San Diego. Following this, Dr. Cortes studied dentistry and earned his doctorate at the University of Nevada in Las Vegas. He maintains his credentials by attending ongoing education classes every year in order to ensure that he provides his patients with the latest treatments available in the evolving field of dental medicine.

San Diego Smile Center charges 60% less for braces. They also offer a flat fee with transparent pricing and work with most insurance providers. When one pays the flat fee of \$3499 dollars, they can rest assured that everything is covered. The initial consultation and x-rays incur no extra costs, and the flat fee covers the braces' fitting, all the appointments and adjustments, repairs, removal and much more. Find out more about [affordable braces in San Diego](#) online at their website.

The San Diego dentist also offers a number of other services that meet the needs of a wide variety of clients. Cosmetic dentistry is one of the procedures that Dr. Cortes has a great deal of experience performing, usually performed on clients who notice and want to fix a problem with the appearance of their teeth or simply wish to enhance the natural beauty of their smile. "Cosmetic procedures beautify and enhance the visual appearance of your teeth," says Dr. Cortes. "Cosmetic procedures can restore a whiter, brighter smile and even replace missing teeth through the use of partial dentures or implants. Braces, dental implants and dentures also work to beautify your teeth, and they make structural changes to your mouth. Since they enhance the appearance of your teeth, many doctors classify them as cosmetic options. They are also used to cover the results of restorative procedures performed to correct damage caused by injuries."

Another area in which Dr. Cortes has a lot of experience is dental emergencies. Emergencies rarely occur at the most convenient time, and it may be difficult to find a dentist should one encounter a problem that needs immediate attention. Any San Diego resident who finds themselves in need of an emergency dental procedure may contact San Diego Smile Center and make an appointment at almost any time.

The San Diego dental care center has received many positive reviews from the patients they have served. “Everyone here has made my husband and I feel super comfortable during our visits,” says a 5-Star Google Maps review. “Definitely my forever dentist! Dr. Cortes is very gentle and thorough. His wife runs the front office, and she is super sweet and organized. A great family business. I’m very grateful to have found such a great dentist in my area.”

Another reviewer on the same platform says, “I had severe tooth pain. This place had amazing reviews, so I came in for a checkup. I haven’t been in a while, so my slight fear of the dentist came into effect as I sat down. But [my experience] was quickly distinguished by how nice and pleasant they were! This place is very professional, and they have superb teamwork. I guarantee you will love going here. They are extremely fast, and they have a passion for what they do. I honestly hated going to the dentist as a child but I love it here.”
