

Mohegan Lake Audi Promotes Audi A6 Lease Deals

January 16, 2020

Mohegan Lake Audi, an Audi dealership in Mohegan Lake, New York, is promoting a new lease offer for the Audi A6 available at their dealership in January 2020. Chuck Reichl, speaking on behalf of the dealership, declared “These [Audi A6 lease deals](#) are the best deals we’ve had on the Audi A6 all year!”

With this offer, customers can lease a new 2019 Audi A6 for \$539 a month for 39 months with only \$5,433 down. They have excellent deals on leases for both the A6 Premium Plus and the A6 Prestige, and promise that lease prices this low for a new 2019 Audi A6 won’t be coming around again. The 2019 Audi A6 represents a new direction in Audi design style, with a sharper profile, acute angles, defined edges, and taut, muscular contours. The visual design of this car is such that the lines take the eyes on a journey, while the expressive surface languages shapes the character of the car. This type of design was first introduced by Audi in their Prologue concept car, which was first unveiled at the 2014 LA Auto Show. It was the first vehicle Audi produced under the tenure of their head designer, Mark Lichte.

With such great deals available at Mohegan Lake Audi, customers can experience this new design concept first hand in their own leased Audi A6. Mohegan Lake Audi, located in Mohegan Lake, NY, about an hour north of Manhattan, is highly regarded as a place to lease and purchase Audi vehicles. One committed customer, identified as Jason H., left a warm review for the dealership, saying “Today’s purchase is our sixth car acquired from Mohegan Lake Motors. I believe that Alfonso Ruggiero has more than earned each star of his five star rating. Moreover, he is backed by a dealership that is committed to doing the right thing. Led by Barry Ross and the team of true professionals in all departments, my family is cared for, respected and appreciated. So right back at you guys. Thank you for all you’ve done and for the way you are.”

Dealership contact Chuck Reichl agreed with Jason’s assessment. “As a dealership, we are committed to integrity, and doing business ethically. This shows in our A+ rating from the Westchester Better Business Bureau, as well as in our 6 consecutive years being voted “Audi Dealer of the Year” in customer surveys performed by DealerRater.” In addition to selling new and used cars, the dealership also has a service center specializing in servicing Audi vehicles. This dealership prides itself in having excellent customer service and getting cars back on the road in no time, so they are an excellent choice of service center for anyone driving an Audi in and around Mohegan Lake, Peekskill, Ossining, and Westchester County. The dealership service center can handle all kinds of vehicle maintenance, from routine maintenance such as oil changes to caring for a vehicle after a collision. As an Audi dealership, Mohegan Lake Audi reminds website viewers of the importance of getting collision care done at an Audi certified collision care center.

New Yorkers in the market for a new car can get a deal on a lease for an Audi A6 at Mohegan Lake Audi in January of 2020. Located on main street in Mohegan Lake, the dealership promises an excellent purchasing experience, which they hope will morph into a continued service relationship as

they help maintain each customer's Audi to exacting standards per Audi's official service guidelines. In addition to the 2019 A6, Mohegan Lake Audi features a large selection of new and used Audi vehicles, offering cars to fit all kinds of tastes. Their selection, both of cars and lease deals, is always being updated, so interested parties are encouraged to visit the dealership's website or contact or visit the dealership if they would like more information about Mohegan Lake Audi, the Audi A6 Lease Deals, or purchasing a new Audi for themselves.
