The well-known brand is proud to announce the launch of a new shopping website for its customers: **shop.Beltone.com**. The COVID-19 pandemic has been the driving force behind the creation and launch of the new site. The online store will offer hearing care accessories in a variety of choices. The items will include general cleaning products, care products, remotes, hearing aid batteries, and TV streaming devices. The items are being offered online to help customers who need or want to limit social interactions to prevent the spread of COVID-19.

The Beltone brand is among the only hearing care retailer providing trusted online services and options for customers to buy direct-from-manufacturer hearing care solutions. “The COVID-19 Pandemic is clearly shaping new behaviors,” says Beltone President Mike Halloran. “Especially among older consumers who are becoming more comfortable shopping online and who happen to be the majority of the patients we serve. We’ve built this site for them because they are asking for it.”
