

Green Earth Products Announces Opening Special on Amazon of Turmeric 750 mg Curcumin C3 Complex with Bioperine

April 30, 2014

New York, NY – It has long been known that some of the most common spices found in kitchen cupboards can have strong health benefits. Two of these are turmeric and black pepper. Green Earth Products is offering a Turmeric 750 mg Curcumin C3 Complex with Bioperine supplement, which combines the extracts of both of these to create a powerful compound with multiple medical and health uses. They are such strong believers in the properties of this supplement that they are offering it to Amazon customers at a special introductory price of 56% off the list price.

Statistics prove that countries such as China and India, which consume the high levels of turmeric curcumin, have the lowest rate of cancers in the world. Research has proven the direct link between turmeric and these reduced rates of cancers, including breast cancer, prostate cancer, lung cancer and colon cancer. The [health benefits of turmeric](#) have also shown that it reduces inflammation, helping relieve the symptoms of arthritis, balances brain chemistry and increases the brain's natural production of protective agents; thus, lowering the risk of Alzheimer's Disease.

As for bioperine, this extract from black pepper causes greater absorption of Curcumin for maximum usage by the body. Bioperine helps the turmeric curcumin absorb in greater levels and enter the bloodstream more efficiently. Bioperine helps users get the most [Turmeric Benefits](#).

Here's what Amazon customers are saying about Green Earth's Turmeric Curcumin C3 Complex with Bioperine:

"Instead of the pharmaceutical pain killers, I took the daily dosage of Turmeric and found it to be also effective in subduing pain."

"Pure Turmeric Curcumin C3 Complex is a high quality and effective product."

"I found that it's very effective for stiffness, particularly for my upper back."

[Turmeric supplements](#) are a powerful antioxidant that naturally reduces blood sugar levels. They also enhance the production of enzymes for improved liver function. Green Earth's Turmeric Curcumin C3 Complex with Bioperine supplements is all natural with no fillers or binders of any kind. As an opening special, Amazon customers pay only \$21.99. This is a savings of 56% off the list price.
