

United Van Rentals Now Has Minivan Rental Services

January 20, 2016

January 20, 2016 - PRESSADVANTAGE -

United Van Rentals, a van rental agency serving California, Las Vegas and Phoenix, has announced the launch of their new minivan rental services. The company is now offering two minivan rentals, the 8-passenger Toyota Sienna and the 7-passenger Dodge Caravan or similar models.

Louis Della Penna, business manager for the company states, "Most van rental agencies do not offer minivan rentals at all, so we thought that this was a great addition to our rental lineup. Minivans are perfect for family vacations, sightseeing or even transporting your team for business, and that they offer two sizes to accommodate a number of family, corporate, or touring needs."

Both of the company's minivan options feature cruise, tilt steering wheel, power seats, dual A/C, and an AM/FM stereo with CD player. The Toyota Sienna also features a backup camera. Both vans can now be rented at any of the company's locations.

"We chose the best vans in the industry for luxury and comfort," states Della Penna. "That goes for all of our vans, but especially our minivans."

The company also offers cargo vans and passenger vans that fit up to 15 in addition to their new minivan

rental offerings.

United Van Rentals also provides special amenities to their clients, including airport pickup, one-way rentals and 24/7 pickup and returns.

Businesses or individuals that may be interested in learning more about the company, their fleet, or in gaining a quote for an upcoming rental can visit the company on their official website at unitedvanrentals.com.
