April 27, 2015 -
Jupiter SEO Experts has launched a new video, highlighting its "Elite" level SEO and online media services. The video covers the company's localized services in Jupiter, Florida, throughout Palm Beach county and nationally. The company believes that they can more easily demonstrate how they can help any business achieve full online domination through a unique combination of cutting edge strategy and online media "Authority" branding. The new video explains this in an easy to follow format.

"Our knowledge on search engine optimization is truly stellar" says Joel Carlsen Founder and CEO of Jupiter SEO Experts. "We guarantee that we can help our clients achieve full online domination, working on all the elements that Google is looking for when it comes to determining online authority and page rankings. Our service is called "Elite" for a reason, and that's because our customers achieve Elite results."

The company works with local, regional and national businesses and helps them to out perform the competition online. With the addition of their page 1 press services, the agency can guarantee to have the business they are working with seen on over 200 well known and respected news media outlets including FOX, CBS, NBC, ABC, YAHOO FINANCE and GOOGLE NEWS further promoting the client's credibility and expert status. The Firm ensures that all of its clients are branded as a true online authority within their specific market place or niche. This, in turn, helps them to reach new customers and increase their overall profitability. And that's good for business.

The newly released video highlights some of the tools and tactics that Jupiter SEO Experts uses to help its customers achieve these results. One tool is the free elite SEO report of your business website available on their home page of JupiterSeoExperts.com The report which typically costs $997 but for a limited time is now being offered free to buisiness owners interested in growing their revenues and expanding the brand and includes a report on current ranking position within the top 3 search engines, Google, Yahoo and Bing. This allows the client to have an easy to comprehend visual of where they are ranked now and how much they are actually missing out on by not increasing their online rankings and credibility. The new video also discusses one of the company's important services, which are the page 1 press release services.

"Through our page 1 press release services, we help our clients to become known not just on the internet, but by the rest of the media as well," adds Joel Carlsen. "We have high end relationships with some of the biggest media outlets in the world such as Yahoo!, Fox News, CBS News, ABC News and Google News to name but a few. Once seen on these highly viewed media sites, a businesses "expert" or "leadership" status is immediately solidified. This is vital as it makes it easy for existing customers to stay with you and for new customers to see you and/or your organization as the best option."

The new video provided by Jupiter SEO Experts is fully comprehensive and perfectly highlights the various services that are offered. It also explains how the company intends to work and how these strategies help a business maximize their online presence and dominate their competitors. The company believes in providing Elite services with Elite results. This is achieved through the use of Video Seo, Mobile Optimization, Social Media Seo and of course their "Authority" branding program.

More and More the world is becoming reliant upon and glued into the quickly evolving online world and only businesses that understand this and use it to their advantage will be able to continue to hold on to their corner of the market. What the new video by Jupiter SEO Experts demonstrates is how the company achieves that, and how this will benefit a company in terms of gaining online authority and recognition both in the online world and the world of global media.
