About West Grace Ministries

Karen and Terry Bossieux founded West Grace Ministries, a Williamsburg, Virginia based Christian organization, in order to strengthen relationships, based on Christian principles, as shown through the Bible. The organization's purpose is to show God's love to mankind through learning activities which strengthen marriages, families and Christian businesses (relationships).

2014 events are currently scheduled in Virginia and Michigan. The organization believes that learning is better in fairly small groups. Most sessions have no more than 10-15 participants, except for the What's in Your Heart program. This approach allows staff members to better understand the conditions that the participants are experiencing in their current relationships and to respond to their specific needs during the programs.
