March 24, 2016 - PRESSADVANTAGE -

Colorado Springs natural beauty company, Leven Rose, is proud to announce the launch of their new Organic Neroli (Orange Blossom) Toner. This toner is not only an astringent and clarifying treatment for the skin, but also may help reduce anxiety and nervousness with its refreshing aroma. Neroli Orange Blossom Toner can be found at <http://www.amazon.com/gp/product/B01CF4HGFU>.

Leven Rose's Courtney Olson says, "Our new Neroli Toner addresses every part of health and beauty. It leaves the skin looking beautiful and radiant while helping users feel calm and at peace. Beauty on the outside, but also on the inside. We're really happy to see how many people are benefiting from our new toner already."

As with all Leven Rose products, the toner is 100% natural, pure, organic, chemical and alcohol free. This astringent has been shown to tone naturally, reducing clogged pores and acne at the same time. This toner is suitable for oily and sensitive skin and recommended to be used in the morning or at night, as well as for a midday refresher.

Neroli Orange Blossom Toner has been shown to have antibacterial astringent properties. This means that the skin's pH levels are brought back to natural acidity, leaving the skin smooth and fresh. It also contains high levels of vitamin C, which has been scientifically proven to be beneficial for the skin both internally and topically. More details are available on the company's website at <http://www.levenrose.com/products/neroli-orange-blossom-water-4-oz>.

This flower water is fully organic and it has been designed to hydrate, regenerate and heal the skin from both scarring and sun damage. It has been observed to counteract skin aging thanks to the vitamin C, as it revitalizes cell production. This leaves the skin looking more youthful and happier.

Leven Rose provides a number of consumer products, all natural, organic, alcohol, paraben, and 100% cruelty free.
